The State Department of Toxic Substances Control (Department) and Valutech Outsourcing, LLC (Respondent) enter into this Consent Order (Order) and agree as follows:

1. Respondent is the Importer of Record for Aluminum Oxide powder, a California hazardous waste generated at Respondent's affiliate company, International Assembly Specialist, S.A. de C.V. located in Mexicali, B.C. Mexico.
2. On February 12, 2010, the Department conducted an inspection of a shipment of forty 55-gallon drums of Aluminum Oxide powder, a California hazardous waste, at the U.S Customs and Border Protection, Calexico East Port of Entry.
3. Based on this inspection the Department alleges the following violations:
 - 3.1. Respondent violated California Code of Regulations, title 22, section 66262.11(a); in that on or about February 12, 2010, Respondent failed to characterize the Aluminum Oxide powder as a hazardous waste. Results of samples collected showed nickel concentrations above the State regulatory levels.

3.2. Respondent violated California Code of Regulations, title 22, section 66262.60(a) in that on or about February 12, 2010, Respondent failed to comply with all of the requirements for imports of hazardous waste from a foreign country to a designated facility within the State.

3.3. Respondent violated California Health and Safety Code, section 25160(b) (1) and California Code of Regulations, title 22, section 66262.20(a) in that on or about February 12, 2010, Respondent offered to transport a shipment of forty (40) 55-gallon metal drums that contained Aluminum Oxide powder, a Non-RCRA hazardous waste, without preparing a Uniform Hazardous Waste Manifest.

3.4. Respondent violated California Code of Regulations, title 22, section 66262.31 in that on or about February 12, 2010, Respondent failed to label or mark all hazardous waste containers per Department of Transportation requirements. A total of forty (40) 55-gallon metal drums that contained Aluminum Oxide powder, a Non-RCRA hazardous waste, were missing the required labels.

4. A dispute exists regarding the alleged violations.

5. The parties wish to avoid the expense of litigation and to ensure prompt compliance.

6. Jurisdiction exists pursuant to Health and Safety Code section 25187.

7. Respondent waives any right to a hearing in this matter.

8. This Consent Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

9. Respondent admits the violations alleged above.
